Dear Parent/Carer

## **Consent for Student Photos and Biometric Data**

We are changing the way we request and record your consent for the use of photographs and videos, as well as registering biometric fingerprints for the catering system. Consent for these categories will now be collected directly from parents/carers through the Arbor App/Web Portal. From today, you will be asked to indicate your consent if necessary when you log into the Arbor App or Web Portal. Here you can consent or decline consent.

To see what consents you have given, in the Arbor portal or App, select 'Student Profile' and the consents section is at the bottom. If you want to change any consents or have any questions about individual consents, please contact Reception.

Please can we ask you to complete the consent requests as soon as you can when they appear so that we can keep our consent records up to date.

Thank you for your continued support.

Yours sincerely

Mark Wood  
Network Manager
