13th June 2024

Dear Year 11 Parents/Carers

Update for Friday 14th June 2024

On Friday morning students have a geography exam, those students should arrive at school for 8:00am, and enter through the front door.

The Physics exam for all students is in the afternoon, students should be in no later than 1:15pm.

We are also putting runway lessons on for Physics during period 2, which we strongly advise your child attends, so would be expected to be in by 11:00am.

Friday 14th June 2024

- Period 1 - **Geography Exam**
- Period 2 - Science runway lesson
- Period 2 - Separate Scientists to Mr Parker Smith
- Period 2 - Higher Scientists to Miss Coatman
- Period 2 - Foundation Scientist to Miss Lee in the Atrium
- Period 3 - **Physics Exam** for all students

As students arrive in school, they should sign in at the front door, and must be in the correct uniform. If students would like to be in school full time to revise, they can sign-in at the front door and we will provide a space for them to revise.

Yours sincerely

Lisa Bewley
Vice Principal
