RR/KRE

17th March 2025

Dear Parent/Carer

As we approach the final GCSE examinations, I wanted to make you aware of a few key things that we are doing in order to support your child.

1. We are continuing with the 8am starts so that extra interventions can take place. Here is the timetable for these sessions that started today:

Monday	Tuesday	Wednesday	Thursday	Friday
Science – combined foundation / combined higher / separate	English Literature	Maths	English Literature	Option subjects – independent revision

2. On Monday 31st March there will be an SLT Parents' Evening where key messages from the mocks will be explained.
3. We are currently collating a timetable for the intervention sessions that will be of help during the Easter holidays. More information will follow.
4. A letter was emailed yesterday detailing an online webinar on Tuesday 18 March 2025, 6:00 – 7:00pm, entitled 'How to support your young person with their GCSE revision.'

Please do continue to support your child in attending all of these interventions in the lead up to their exams.

If you have any questions, do get in touch.

Yours sincerely

Rachel Robinson
